SECTION I: REQUIREMENTS FOR THE JURIS DOCTOR DEGREE

§ 1.1 General Requirements: Credit Hours, Time to Complete the Degree, Grade Point Average, Undergraduate and Graduate Transcript Submission

(a) Credit hours

Students must complete 87 hours of credit to earn the degree of Juris Doctor. At least 64 of these credit hours must be in courses that require attendance in regularly scheduled classroom sessions or direct faculty instruction. Clinical coursework counts toward the 64-credit requirement, but externships, extracurricular activities (including credits earned for participation in a law journal, moot court competitions, trial advocacy competitions, or as a Teaching Assistant), and courses taken in another academic unit (e.g., the Stuart School of Business) do not count toward the 64 credits.

(b) Time to Complete the Degree

Students must complete the Juris Doctor degree no earlier than 24 months and no later than 84 months after commencing law studies at Chicago-Kent or at a law school from which Chicago-Kent has accepted transfer credit.

(c) Grade Point Average

All students must attain a cumulative grade point average of at least 2.300 to earn the degree. See §§ 8.1-8.8 in this Handbook for further information on the academic regulations concerning probation and dismissal for failing to maintain a minimum grade point average of 2.300.

(d) Undergraduate and Graduate Transcript Submission

In accordance with guidance from the American Bar Association, the Law School's accrediting agency, students who do not have all required undergraduate and graduate transcripts submitted by October 15 of their first semester will be administratively withdrawn from their Fall courses and will not be permitted to continue pursuing the J.D. degree. Contact the Admissions Office if you are uncertain how to arrange for submission of your transcripts. If you believe you will be unable to comply with the October 15 deadline due to circumstances beyond your control, please contact the Director of Admissions no later than October 1 to discuss your situation.

§ 1.2 Required Courses

(a) General Information

The following courses must be successfully completed to earn the J.D. degree: Contracts, Torts, Criminal Law, Civil Procedure, Property, Legislation, Legal Writing 1, Legal Writing 2, Legal Writing 3, Legal Writing 4 (or Legal Writing 4 Equivalency Class; see s1.4), Constitutional Law, Professional Responsibility, Professional Development and Identity (for students starting Fall 2021 or later), and one

seminar. A student who fails any of these required courses must retake the course. As provided in §8.4, a student who fails the same required course twice shall not be permitted to re-register for that course and shall be dismissed from the Law School.

In addition to the courses listed above, students beginning in Summer 2016 or later must also successfully complete a total of six credits from an approved [list of experiential courses](#). Most students will already satisfy four of these credits by taking Legal Writing 3 and Legal Writing 4. However, students who opt for the Legal Writing 4 Equivalency Class (see §1.4) should consult the list of approved courses to determine whether the qualifying activity counts toward the experiential requirement. Law Review does not count toward the requirement.

Students who are in the bottom 25% of their class at the end of their second year are required to take Bar Exam Strategies in their final Spring semester.

(b) Seminar Requirement

All students at Chicago-Kent must take at least one seminar (or Independent Research in Lieu of a Seminar, see § 1.3). The seminar is an opportunity for students to explore a particular area of law, and it is the final requirement in Chicago-Kent's three-year legal writing program. Because seminar papers constitute a capstone writing requirement, students must have completed 54 course credits and have completed Legal Writing 4 (or a Legal Writing Equivalency class) for their work to count towards the seminar graduation requirement, unless the Associate Dean for Academic Affairs waives this requirement in the same manner as provided in §2.9. Students may take seminars for which they meet the prerequisites in earlier semesters, but not in satisfaction of the degree requirement.

The written work for seminars should be scholarly. It should therefore reflect meticulous research, depth and clarity of analysis, and originality. Traditionally, the written work consists of a single seminar paper, similar in style to a law review note, but individual instructors may vary the format in appropriate circumstances, including by asking students to turn in multiple pieces of scholarly writing. If questions arise about appropriate alternatives to the more traditional option, instructors can contact the Director of the Legal Research & Writing Program.

The written work for seminars should be at least 6,000-9,000 words in length, excluding footnotes, endnotes, a table of contents, and bibliographical information. For at least some of this written work, students must hand in more than one draft. At a specified time in the semester, the student shall turn in a first draft to the instructor, and the instructor shall provide each student with a detailed critique of the first draft so that the student has an opportunity to make the final draft a truly excellent piece of writing. Students should aspire to write papers that are suitable for publication in a scholarly or professional journal. Each student must submit their own paper. Students are not permitted to turn in a joint paper.

The final grade for the seminar will be based primarily on the written work for the class, with special emphasis on the quality of the final draft for a multiple-draft assignment. Instructors are free, however, to consider class attendance, class participation, the oral presentation of the paper, and any other relevant factors. Instructors should inform students in writing on the first day of class about the set of factors that will be considered in determining final grades.

§ 1.3 Independent Research in Lieu of a Seminar

The seminar requirement may be satisfied by an Independent Research course supervised by a member of the faculty. To fulfill the seminar requirement, an extensive seminar-style research paper must be written. A student must obtain written approval from the instructor and the Associate Dean for Academic Affairs prior to beginning the research and prior to registration. In order to satisfy the seminar requirement, Independent Research must be taken in a semester at the start of which the student has completed at least 54 hours of credit and has completed Legal Writing 4, unless the Associate Dean waives this requirement in the same manner as provided in §2.9. Independent Research is graded on a pass/fail basis; a student may not earn a letter grade. Only one credit hour is awarded for this course even though it fulfills the graduation seminar requirement. A student may earn only one credit hour of Independent Research per semester.

§ 1.4 Legal Writing 4 Waiver

The Legal Writing 4 requirement may be waived by taking a Legal Writing 4 Equivalency Class in certain circumstances for students who participate in one of the following: Law Review, Moot Court Honor Society, the Litigation and Alternative Dispute Resolution Program, the Criminal Litigation Program, and Judicial Externship. The Equivalency Class must be taken in the same semester as the activity that qualifies the student to take the Equivalency Class; it may not be deferred to a later semester. For details, see the most recent semester's Schedule of Classes or Registration Bulletin, or contact the Associate Dean for Academic Affairs.

§ 1.5 [Reserved]

§ 1.6 Studying at Another Law School

If a student receives permission to study at another law school, the student will receive a degree from Chicago-Kent provided the student earns at least 54 credit hours at Chicago-Kent and meets the other degree requirements of the Law School. In appropriate circumstances, the Associate Dean for Academic Affairs may make modifications to the credit hour requirement. See §5.1 for the procedures for obtaining permission to study at another law school.

§ 1.7 Application for Graduation

Graduating seniors must submit an online Application for Graduation by the end of the add/drop period for their last semester. It is imperative for graduating seniors to notify the Registrar if they have changed their schedules and reduced their hours after they have submitted the Application for Graduation.

§ 1.8 Student Responsibility for Fulfilling Requirements

Each student has the responsibility to make sure that all degree requirements are fulfilled. Graduating seniors should make an independent review of their records before registering for their final semester. The Registrar will review the academic record of each senior who has submitted an Application for Graduation and will attempt to notify a student of any apparent deficiencies prior to the conclusion of the add/drop period for the student's last semester. However, it is the student's responsibility, not the Registrar's, to make sure that all degree requirements will be fulfilled by the end of the final semester. After all graduating seniors' grades have been received by the Registrar in the final semester, the Registrar will review each graduating senior's record to make sure that all degree requirements are fulfilled. If a student has not fulfilled all degree requirements, he or she will not receive a degree and will not be certified to the bar examiners.

§ 1.9 Bar Examination Requirements

(a) General Information

The Illinois bar exam is administered in February and July of each year. Students must also pass the Multistate Professional Responsibility Exam (MPRE), which is given three times a year and may be taken at any time during or after law school. The registration forms and instructions for the Illinois bar exam are available at <https://www.ilbaradmissions.org>. Information about the MPRE is available at <https://www.ncbex.org/exams/mpre>.

Illinois does not require any specified courses to take the bar exam. However, some states require specific law courses to be eligible to take the bar exam. Students should obtain information as soon after they begin law school as possible about the character and fitness, curricular, preregistration, and other requirements for admission to the bar in states in which they may seek admission. Graduating seniors must advise the Registrar of the forms and documents required by out-of-state bar examiners well in advance of the date the material is required.

(b) Character and Fitness

At the end of each semester, the Law School sends a Certification of Juris Doctorate to the Illinois Board of Admissions to the Bar for each graduate certifying that the student has earned the J.D. degree. The Certification requires the dean to answer the following questions for the Character and Fitness Committee and to provide relevant details and documentation:

1. Do your records or other information show anything adverse as to his/her honesty, integrity or general conduct?
2. Was he/she ever involved in a disciplinary inquiry or proceeding while in attendance?
3. Are you aware of any matter or matters reflecting adversely upon his/her reputation and character?
4. Remarks: Here please state any facts, not covered by the foregoing questions, unfavorable to the applicant which you think the committee should know in connection with its duty to determine whether he/she is worthy of the highest trust and confidence.

Other states require similar certificates to be completed by the Law School for students taking the bar exam in their states.

All information disclosed on the bar registration application should be consistent with answers to questions on the student's Application for Admission to the Law School. The bar registration application, however, asks for a considerable amount of information that applicants are not asked to provide on the Application for Admission. You only need to be concerned about the consistency of answers for questions asked on both forms. You can amend your Application for Admission, if necessary, by addressing a letter to the Associate Dean for Academic Affairs setting forth the details of the omission or misrepresentation and the reason for it.

(c) Graduating Seniors

Graduating seniors must file a bar exam application with the Illinois bar examiners by February 15 of their senior year if they plan on taking the July bar exam in Illinois. (Students planning on taking the February bar exam should check the deadlines and other requirements on the bar examiners' web site.) Late applications for the July bar exam may be filed up to May 15, but penalty fees apply. The forms and instructions are available on the bar examiners' web site at <https://www.ilbaradmissions.org>. The Law School sends a Certification of Juris Doctorate to the Illinois Board of Admissions to the Bar at the end of each semester for every graduating student. Please be sure to file an Application for Graduation (see §1.7) by the end of the add/drop period in your final final semester so that we will know you plan to graduate.

If you have any questions about the Illinois bar exam or about the registration or application process, you may call the Illinois Board of Admissions to the Bar at 217-522-5917.

§ 1.10 Degree with Honors

The Juris Doctor degree is conferred by the University upon students who are recommended by the Dean and faculty of the Law School after successful completion of all degree requirements. On recommendation of the faculty, degrees may be awarded cum laude, magna cum laude, and summa cum laude. Under current practice, students who rank in the top 1% of their class are awarded their degrees summa cum laude; those who rank in the remainder of the top 10% of their class are awarded their

degrees magna cum laude; and those who rank in the remainder of the top 25% of their class are awarded their degrees cum laude. Students who graduate in August and December are ranked with the succeeding May graduating class.

Under current practice, students who earn the LL.M. degree in International and Comparative Law degree will graduate with Honors if they achieve cumulative GPAs of at least 3.750. Students who earn the LL.M. degree in International Intellectual Property will graduate with Honors if they earn grades of B+ or better in the Graduate Seminar in International Intellectual Property and achieve cumulative GPAs of at least 3.500, and will graduate with High Honors if they earn grades of A in the Graduate Seminar in International Intellectual Property and achieve cumulative GPAs of at least 3.750. Students who earn the LL.M. degree in Taxation will graduate with Honors if they attain cumulative GPAs of at least 3.250 and with High Honors if they attain GPAs of at least 3.750. There are no Honors designations for students who earn the LL.M. degree in Financial Services.

§ 1.11 The Order of the Coif

J.D. graduates who rank in the top 10% of the graduating class are eligible for election to membership in The Order of the Coif, if they otherwise meet the membership criteria of the Order, including the requirement that at least 75% of the student's credits must be in graded courses (rather than pass/fail). The faculty members of The Order of the Coif elect the new members from among the eligible graduates.

§ 1.12 Law Review Eligibility

(a) Eligibility by Academic Achievement

The following students will be invited to join the Chicago-Kent Law Review at the end of each academic year: (1) students who have completed only one academic year as full-time Day Division students who rank in the top 7% of the full-time Day Division class (not divided into sections); (2) students who have completed only one academic year as part-time Day Division students or as Evening Division students who rank in the top 7% of the combined part-time Day Division and Evening Division class; and (3) students who have completed at least one academic year, but not more than two academic years, as part-time Day Division students or as Evening Division students who rank within the top 7% of the combined class comprised of first-year full-time Day Division students, second-year part-time Day Division students, and second-year Evening Division students. The eligibility of first-year full-time Day Division students will be determined based on cumulative GPA calculations that include all grades received to that point, with the exception that grades received for Legislation, or for an elective taken in place of Legislation, will not be considered. Students who transfer into Chicago-Kent from other law schools are not eligible for Law Review based on grades, but may participate in the Summer Candidacy Program, subject to the provisions of paragraph (b) below.

(b) Eligibility by Successful Summer Candidacy Program Participation

(1) The Summer Candidacy Program typically consists of writing a comment on a legal topic chosen by the Law Review Executive Board. The paper is usually a closed research problem. Exact program dates and requirements are announced by the Law Review. The Law Review Executive Board selects which students, if any, will be invited to join the staff based on evaluation of the comments submitted.

(2) All students who have completed at least one academic year at Chicago-Kent are eligible to participate in the Law Review Summer Candidacy Program. No student may participate in the Summer Candidacy Program unless he or she will be in residence at Chicago-Kent for at least two full semesters following that Summer.

(3) Students who will not be in Chicago during the Summer of their eligibility may still participate in the program, but should contact the Law Review as soon as possible after the program dates are announced to make the necessary arrangements.

(c) For purposes of Law Review academic or Summer candidacy eligibility, "completing" an academic year means that a student earned sufficient credit to be ranked with the corresponding Day/Evening Divisions combined class for the student's particular graduation year. Class rank and graduation year information is determined by the Registrar.

§ 1.13 Moot Court Honor Society Eligibility

A student may receive an invitation to join the Moot Court Honor Society based on performance in either (1) the Charles Evans Hughes Moot Court Oral Arguments, in which all first-year students participate as a required part of the Legal Writing 2 curriculum, or (2) the Moot Court Honor Society Summer Candidacy Program. Students who argue in the final (second) round of the Hughes Arguments in the first year of law school and finish in the top 10% of all students who competed on a problem-by-problem basis, and who earn at least a B+ in Legal Writing 2, receive invitations to join the Society, provided that they meet the minimum cumulative GPA requirement discussed below. Students may participate in the Summer Candidacy Program in any Summer, provided they will be in residence at Chicago-Kent for at least two full semesters following that Summer. A grade of B+ in Legal Writing 2 is not required to participate in the Summer Candidacy Program.

In addition to fulfilling the requirements discussed above, a student must have at least a 3.000 cumulative GPA at the completion of the Spring semester immediately preceding the Summer Candidacy Program in order to be eligible for membership by either selection process discussed above. Any student, however, who otherwise qualifies for automatic membership based on performance in the Hughes Arguments and Legal Writing 2, but who fails to qualify for automatic membership because he or she has a cumulative GPA below 3.000, may petition the Moot Court Honor Society Executive Board to participate in the Summer Candidacy Competition.

A student who receives an invitation to join the Moot Court Honor Society may defer acceptance of the invitation for no more than one year with permission of the Director of Appellate Advocacy. Deferral is

typically granted if (1) the student also has been invited to join the Chicago-Kent Law Review and has accepted that invitation, or (2) the student will be a second-year part-time Day Division student or a second-year Evening Division student and wishes to begin Moot Court membership in the Fall of his or her third year.

All new members of the Moot Court Honor Society are required to register for Appellate Advocacy in their first semester of membership. Appellate Advocacy is offered only in the Fall semester, so students must begin their membership in the Fall semester. A student may not receive credit for more than five hours of Moot Court Honor Society, including the two hours of Appellate Advocacy. Appellate Advocacy is a two-hour graded course that may not be taken on a pass/fail basis. See also the requirements set forth in §§1.15 and 2.5.

§ 1.14 Intellectual Property Moot Court Eligibility

To receive credit for Intellectual Property Moot Court, the following requirements must be met: (1) the student must have completed Legal Writing 2; (2) the student may not have participated more than two semesters in the Moot Court Society; (3) the student must adequately complete briefs per competition rules as determined by the Intellectual Property Law Society's coach and faculty advisor; and (4) the student must participate in at least two arguments in an intramural round robin of oral argument, one argument on each side. Also see the requirements set forth in §§1.15 and 2.5.

§ 1.15 Credit for Moot Court Participation

Except as noted below, the following rules must be followed to earn credit for participation in the Moot Court Honor Society, BLSA Moot Court, Environmental Moot Court, Intellectual Property Moot Court, International Moot Court, and any other moot court competition activity.

A student may earn only one credit hour per semester for participation in a Moot Court program (except for the Appellate Advocacy class), subject to the following conditions:

- (1) In order to earn the one credit, the student must fulfill the program requirements for obtaining credit, and the requirements must include substantial participation in an Interscholastic Moot Court competition or the Moot Court Honor Society's Spring Intramural Competition.
- (2) A student may earn no more than one credit for each Interscholastic Moot Court competition in which he or she participates, and such credit shall be awarded in the semester in which the competition takes place.
- (3) A student may earn no more than one credit in total for participation in the Moot Court Honor Society's Spring Intramural Competition, and such credit shall be awarded in the semester in which the competition takes place.

(4) A student may earn no more than one credit in total for coaching a Moot Court team, but only for coaching a team entered in a competition sponsored by the Moot Court Honor Society, and such credit shall be awarded in the semester in which the competition takes place.

(5) To be eligible to participate in the International Law Moot Court, a student must have completed or be taking an international section of Legal Writing 4.

Section II: Study Load, Course, and Work Limitations

§ 2.1 Maximum Credit Hours

All students have fixed schedules in their first year and may not take additional credits. (The one exception is that Full-time Day Division students may take a designated 1L Your Way elective in the Spring, which may vary from two to four credits.) After the first year, Full-time Day Division students may register for a maximum of 16 credit hours per semester (17 if registered for Law Review and/or Moot Court Honor Society), and Part-time Day Division students and Evening Division students may register for a maximum of 13 credit hours per semester. All students may register for a maximum of six credit hours during a Summer session. The maximum hour limitation applies to all courses the student is taking that are to be applied to the J.D. degree. For example, if a full-time Day Division student takes 14 credit hours of law courses, the student may not receive credit for more than two hours of graduate courses in the Stuart School of Business or in any other graduate school for credit toward the J.D. degree.

§ 2.2 Minimum Credit Hours

All students have fixed schedules in their first year and may not take a reduced load. After the first year, Full-time Day Division students must register for a minimum of twelve credit hours per semester, except graduating seniors who need fewer than twelve credit hours to graduate. Part-time Day Division students and Evening Division students must register for a minimum of eight credit hours per semester, except graduating seniors who need fewer than eight credit hours to graduate. However, senior students should refer to the residency requirements set forth in §1.5.

§ 2.3 Seminar Limitation

A student may not receive credit toward graduation for more than six credit hours of seminar work.

§ 2.4 Pass/Fail Election

A student in good standing may elect to take six credit hours on a pass/fail basis in accordance with the limitations of this section, provided that the student designates such an election by the end of the second week of the Fall or Spring semester, or the end of the first week of the Summer session. After the deadline, the student may not convert from the standard grading system to pass/fail. However, a student may revoke the pass/fail election and convert from the pass/fail election to the standard grading system. The Registrar, each semester, will set a date during the final week of classes by which a pass/fail revocation must be made, and will publish the date in the *Record*. A student may not revoke a revocation and re-elect the pass/fail option after the deadline for making the pass/fail election. No more than six credit hours taken under this election will count toward the graduation credit requirement. A student may submit election forms for up to six hours of pass/fail; forms submitted that exceed six hours are null and

void. If a student goes on academic probation, all pass/fail elections the student made for the probationary semester are nullified.

In order to earn the grade of Pass in a course for which the pass/fail election has been made, the student must earn at least the grade of C. If a student earns a C- or lower, the student will be awarded the grade of LP (Low Pass). See also the requirements set forth in §6.6.

The pass/fail election does not apply to: (1) a course required for the degree, including Professional Responsibility; (2) a seminar, whether or not being taken to fulfill the seminar requirement; (3) a course that has been designated by the instructor before registration as unavailable for the pass/fail election; (4) a course offered only on a pass/fail basis, such as Law Review, Moot Court, and clinical courses; (5) LL.M. courses; (6) Appellate Advocacy and Trial Advocacy courses; or (7) any course being taken to fulfill the requirements of any certificate program.

Credits for which a student may only receive a pass/fail grade, such as Law Review, Moot Court Honor Society, clinical courses, Independent Research, or credits transferred from another law school, do not affect a student's right to elect six hours of pass/fail credits under this section.

§ 2.5 Law Review and Moot Court Credit Hour Limitation

A student may receive no more than five hours of credit toward graduation for participation in Law Review, and no more than one credit hour per semester, with the exception of the Editor-in-Chief, Managing Editor, and Executive Notes & Comments Editor of the Law Review, who may earn additional credits (see Dean Sowle for details). A student may receive no more than a total of five credits toward graduation for participation in the Appellate Advocacy course, Moot Court Honor Society, BLSA Moot Court, Environmental Moot Court, International Moot Court, Intellectual Property Moot Court, and any other moot court program. With the exception of the Appellate Advocacy course, a student may take no more than one credit hour per semester of any moot court activity listed herein. A student may receive no more than a total of five credits toward graduation, and no more than one credit per semester, for participation in the Journal of Intellectual Property. A student may not take any moot court credits while enrolled in Appellate Advocacy. The Law Review and moot court credit-hour limitations are separate; a student may earn five credit hours for Law Review and an additional five credit hours for Moot Court. Credits earned for participation in activities listed in this section are subject to the requirement that at least 64 credits must be earned in courses that require attendance in regularly scheduled classroom sessions or direct faculty instruction; see §1.1.

§ 2.6 Clinical Courses and Externship Limitation

A student may receive no more than 24 credit hours toward graduation for clinical courses and externships combined. Credits earned for externships are subject to the requirement that at least 64 credits must be earned in courses that require attendance in regularly scheduled classroom sessions or direct faculty instruction; see §1.1.

§ 2.7 Pass/Fail Credits

There is currently no overall limit on the number of pass/fail credits a students may take. However, students should be careful to observe the limitations placed on certain types of credits as provided in preceding sections of this Handbook.

§ 2.8 Employment Limitation for Full-Time Day Division Students

A student, whether full-time or part-time, may not be employed for more than 20 hours per week during any semester in which the student is taking 14 or more credits. First-year full-time students may not work more than 20 hours per week even if they take fewer than 14 credits in a semester.

§ 2.9 Exceptions to Limitations

Subject to the limitations described below, the Assistant Dean for Academic Administration and Student Affairs may grant an exception to any of the provisions in this section if a student has compelling extenuating circumstances. To request an exception, a student must submit a petition to the Assistant Dean setting forth in detail the circumstances necessitating the exception. The faculty does not recognize a desire to accelerate the date of graduation as a valid reason to exceed the maximum number of credit hours in a semester.

The Assistant Dean for Academic Administration and Student Affairs may not grant an exception to the maximum credit requirement that would violate any applicable ABA accreditation rule concerning the maximum number of credits that students may take in a single semester.

§ 2.10 Hour Requirements for Financial Aid and Loan Deferment Purposes

See §13.1 for the number of hours required to be considered full-time or part-time for financial aid and loan deferral purposes.

§ 2.11 Legal Writing and Academic Support Program Teaching Assistant Limitations

A student may not receive credit toward graduation for more than four credit hours as a Legal Writing Teaching Assistant or for more than four credit hours as an Academic Support Program Teaching Assistant. Credits earned as a Teaching Assistant are subject to the requirement that at least 64 credits must be earned in courses that require attendance in regularly scheduled classroom sessions or direct faculty instruction; see §1.1.

§ 2.12 Distance Education Limitations

A student may not receive credit toward graduation for more than 29 credit hours of distance education courses (one-third of the required 87 credits for the J.D.). A student may earn no more than 10 credit hours of distance education courses in the first third of their J.D. studies. Courses subject to these distance education limits are indicated in each semester's schedule.

Section III: Registration Procedures

§ 3.1 Official Registration Required

A student may not receive credit for a course unless the student is properly registered for the section of the course for which the grade was submitted.

§ 3.2 Registration Priority

Subject to the provisions, below, about students pursuing certificate programs and about summer registration, Day Division students have priority for Day Division classes, and Evening Division students have priority for Evening Division classes. For upper-level elective classes in the 4:00 time slot, seats are allocated proportionately between Day Division and Evening Division. Within divisions, registration priority is based on anticipated graduation date, with the earliest graduation date having the highest priority. Priority for certain courses may be given to students seeking a particular certificate program. For summer registration, Evening Division students have priority over Day Division students. Students in the J.D. program have priority for J.D. courses over students in the LL.M. programs. Students in the LL.M. programs have priority for LL.M. courses in their program area over J.D. students.

§ 3.3 Sequence of Required Courses

Students must take all required courses at the time prescribed and in the sequence designated in the registration instructions. First-year students are not permitted to change programs, drop required courses, take Incompletes in required courses, or take a reduced class load; see §3.10(c).

§ 3.4 Registration for In-House Clinical Programs

Prior to registration, the Law Offices will solicit applications for positions for the next semester. If more students apply than can be accepted, a lottery will be held to select the students who may register. A list of the students authorized to register for the In-House Clinical Programs will be published prior to the commencement of registration.

§ 3.5 Registration for Externships

(a) Legal Externship. The Legal Externship Program is a 4-credit-hour, pass/fail program that enables a law student to receive academic credit for working 16 hours a week in an approved legal placement under the supervision of a designated attorney. Legal Externship consists primarily of a fieldwork experience under a supervising lawyer approved by the Law School, supplemented by individual and group meetings

throughout the semester between the extern and Professor Vivien Gross. Students must meet with Prof. Vivien Gross (vgross@kentlaw.edu) to apply. Externships are available for the Fall and Spring semesters and the Summer term.

(b) Judicial Externship. The Judicial Externship Program is a 4-credit-hour, pass/fail program that enables students to work for participating federal court judges and magistrate judges. There is an accompanying classroom component that focuses on aspects of judicial decision-making and their effect on the extern's work product. Judicial Externship is open to Chicago-Kent students in their second and third year who possess the requisite minimum G.P.A. (approximately top 25%). Judges select their externs only through Chicago-Kent's formal application process and do not accept applications directly from students. To register, students must be selected through the law school's application process and obtain permission from Professor Vivien Gross (vgross@kentlaw.edu). Applications are available in mid-February for Summer and Fall externships and in late September for Spring externships. A student may enroll for only one Judicial Externship per semester and for a maximum of two Judicial Externships.

§ 3.6 Registration for LL.M. Courses

See §§1.25 for information on the joint J.D./LL.M. degree programs in Taxation and Financial Services. Students in the joint programs must consult with the program directors before registering for LL.M. courses. Non-joint degree students may register for graduate Taxation courses only with the permission of Professor Gerald Brown. Non-joint degree students may register for graduate Financial Services courses provided the student is in his or her final year of Law School and has a 3.200 cumulative GPA or the permission of the director of the program.

§ 3.7 Registration for Independent Research

To register for Independent Research, a student must make arrangements with a full-time faculty member and submit an Independent Research form approved by the faculty member and the Assistant Dean for Academic Administration and Student Affairs. The work assigned for Independent Research should have the equivalent educational value as that assigned for Independent Research In Lieu of a Seminar described in §1.3. The course is graded on a pass/fail basis only; a student may not earn a letter grade for Independent Research. A student may earn only one hour of Independent Research credit per semester.

§ 3.8 Registration for Intensive Trial Advocacy

Students must be in good academic standing to enroll in Intensive Trial Advocacy 1. Students in Intensive Trial Advocacy 1 must enroll in Trial Advocacy 2 in the succeeding Spring semester. Intensive Trial Advocacy 1 grades are counted in the Fall semester GPA, but the credit hours do not count toward the maximum number of credit hours permitted in the Fall semester.

§ 3.9 Registration for Courses in Another Division

Students must register for at least one-half of their credit hours in the division in which they are enrolled each semester. Required courses must be taken in the division in which the student is enrolled; elective courses may be taken in the other division. Courses that meet at 4:00 p.m. are considered both Day Division and Evening Division courses. Except for the Saturday sections of Trial Advocacy, all Trial Advocacy courses are considered Evening Division courses.

§ 3.10 Adding and Dropping Courses

(a) Program Changes

Changes to a student's class schedule may only be made through the online registration system, available through the Registrar's office home page and the main Student Portal page. Courses may be added or dropped according to the following rules.

(b) Adding Courses

Students may add open courses in either division (subject to the limitation in §3.9) without special permission during the first week of the semester. During the second week of the semester, students may add an open course only with permission of the instructor. Students may not add a course after the second week of the semester. During the Summer session, a course may not be added after the first week of classes.

(c) Dropping Courses

Courses may be dropped at any time before the final exam or, if there is no final exam in the course, before the date the final paper or other final assignment is due. A required course may not be dropped without the permission of the Assistant Dean for Academic Administration and Student Affairs. First-year students are not permitted to change programs, drop required courses, take Incompletes in required courses, or take a reduced class load; see §3.3. A student may withdraw from a clinical course at any time prior to the end of the eighth week of classes during a regular semester and prior to the end of the fourth week of classes during a Summer session.

If a course is dropped by the end of the second week of the semester, no record of the course will appear on the student's transcript. A course dropped after the second week will appear on the student's transcript with the grade of WP (Withdrew Passing), which has no effect on the student's GPA.

The tuition refund policy for dropping courses after the beginning of the semester is contained in §12.10.

§ 3.11 Changing Divisions

A student who wants to change from the Evening to the Day Division, or vice versa, must submit a request to change divisions to the Registrar by the date announced in the Record. Changes are permitted on a space-available basis. If all students can be accommodated, all will be permitted to change divisions; if all students cannot be accommodated, a lottery drawing will be held to determine which students will be permitted to change. First-year students are not eligible to change divisions until after the completion of the first year.

§ 3.12 Class Attendance in Proper Section

Students are required to attend the section of a course for which they are registered. A student may not attend another section of the same course, even if taught by the same instructor.

§ 3.13 Auditing Classes

A J.D. student may audit a course only if (1) the student registers to audit the course by the end of the period prescribed for adding courses (see §3.10(b)), (2) permission of the instructor to audit is obtained prior to the student's registering to audit, and (3) tuition is paid for the course. An auditor receives neither a grade nor credit for the course, but the fact of auditing will appear on the student's transcript. After the period for adding courses has expired, the student may not convert from auditing to graded status or from graded to auditing status. A student who has audited a course may not thereafter take that course for credit without the permission of the Assistant Dean for Academic Administration and Student Affairs. A person not enrolled as a student at the Law School may audit a course only with the permission of the Assistant Dean and the instructor.

Section IV: Withdrawal and Re-entry to the Law School

§ 4.1 Withdrawal or Transferring From the Law School

To withdraw from the Law School in good standing (either during or between semesters), the student must complete an online withdrawal form. The withdrawal form is required whether the student is permanently withdrawing, withdrawing for one or more semesters with the intention of returning to Chicago-Kent, or transferring to another law school. If a student withdraws during a semester, the student must also drop all of his or her courses using the online registration system. To reenter the Law School in a later semester, the student should contact the Assistant Dean for Academic Administration and Student Affairs. The next sections of the Handbook set forth the rules regarding reentry.

§ 4.2 Reentry Before Completion of One Semester

(a) A student who withdraws from the Law School with good cause before the completion of one semester may automatically reenter the Law School the next Fall semester in the division in which the student was originally enrolled, provided the student notifies the Assistant Dean for Admissions in writing of his or her intention to reenter by May 15 of the next year. If notification is not received by May 15, reentry shall be permitted on a space-available basis only. Good cause will be determined by the Assistant Dean for Academic Administration and Student Affairs at the time of the withdrawal and includes, but is not limited to, medical or financial hardship. The reasons for the withdrawal must be set forth on the Withdrawal form.

(b) A student who withdraws from the Law School without good cause before the completion of one semester will be considered a new applicant and may reenter only with the approval of the Admissions Committee and must comply with all the steps and procedures required of all new applicants to the Law School.

§ 4.3 Reentry After Completion of One Semester, But Before One Year

(a) A student who withdraws with good cause after completion of the first semester but before completion of the first year may automatically reenter the Law School within two years from the time of withdrawal in the same division in which the student was originally enrolled, provided the student notifies the Assistant Dean for Admissions in writing of his or her intention to reenter by May 15 of the year of reentry. If notification is not received by May 15, readmission shall be permitted on a space-available basis only. Good cause will be determined in the manner provided in §4.2(a).

(b) A student who withdraws without good cause after completion of the first semester but before completion of the first year, or a student who withdraws with good cause after one semester but does not reenter within two years, may reenter only with the approval of the Admissions Committee and must comply with all the steps and procedures required of all new applicants to the Law School.

(c) In the event of readmission under §4.3(a) or (b) within two years, the grades earned in completed courses will appear on the transcript and will be counted in the student's GPA. In the event the student is readmitted by the Admissions Committee more than two years after the student withdrew, the Assistant Dean for Academic Administration and Student Affairs will determine which grades and credits earned in completed courses, if any, will be reflected on the transcript and will be counted in the student's GPA.

§ 4.4 Reentry After Completion of at Least One Year

(a) A student in good standing after completion of at least one year may be absent from the Law School for any reason for a maximum of four academic semesters. A Summer session does not constitute an academic semester. An "absent semester" includes any semester in which a student withdraws or fails to register. The "absent semesters" may be consecutive or non-consecutive. A student who has not been absent more than four semesters is entitled to automatic readmission.

(b) If a student who has been absent four semesters wishes to be absent an additional semester, the student must petition the Assistant Dean for Academic Administration and Student Affairs before the next absent semester begins, setting forth the reasons an additional absent semester is requested. The Assistant Dean may grant approval for an additional absent semester upon a showing of good cause. If the petition is not approved, the student may reenter only with the approval of the faculty. Good cause will be determined in the manner provided in §4.2(a).

Section V: Transfer Credits From Other Schools

§ 5.1 Procedure for Taking Courses at a Law School Outside Chicago

A student seeking permission to take courses at a law school outside Chicago should submit an Application to Visit at Another Law School to the Assistant Dean for Academic Administration and Student Affairs. Credit will be awarded only if the school is ABA-accredited and permission was granted prior to the start of the coursework. The student must arrange to have an official transcript showing the grades earned sent directly by the other law school to the Chicago-Kent Registrar.

If the grade earned in a course is C or higher, the credit hours will be counted toward graduation. The grade will not appear on the student's transcript and will not be computed in the student's GPA. If the grade earned is below C, no credit will be granted for the course. A student may not take a course at another law school on a pass/fail basis. If the course is only graded on a pass/fail basis, a separate Petition must be submitted to the Assistant Dean for Academic Administration and Student Affairs with the Application form requesting to take a pass/fail course at the other school.

Separate rules apply with respect to grades earned in courses taken at Chicago-area law schools through our consortium arrangement; see §5.2 below.

§ 5.2 Procedure for Taking Courses at Chicago-Area Law Schools

Chicago-Kent has a consortium arrangement with Loyola (Chicago) School of Law, DePaul University College of Law, and John Marshall Law School that permits students from each school to register for selected courses at the other schools. Students pay tuition to their home school, and grades transfer (not just the credits) and are counted in your GPA. Courses taken through the consortium arrangement may count toward a Chicago-Kent certificate program only with permission of Dean Sowle and the director of the relevant certificate program.

§ 5.3 Credit Hour Limitations for Courses Taken at Other Law Schools

When a student takes courses at another law school, the maximum number of credit hours permitted for the semester or Summer term at Chicago-Kent (not the school being visited) must be observed.

§ 5.4 Credit Hours Required for a Chicago-Kent Degree

A student must earn at least 54 credit hours of Chicago-Kent courses in order to receive a Chicago-Kent College of Law degree. These hours do not include courses taken in other academic units within IIT, e.g., M.B.A. courses. Exceptions may be made in appropriate circumstances by the Assistant Dean for Academic Administration and Student Affairs.

§ 5.5 Procedure to Take Non-Law Courses at Graduate Schools

A student in good standing may receive credit toward the J.D. degree for two non-law graduate-level courses taken after the student has begun law studies. To be eligible for credit, the course must be relevant to or enhance the student's law studies and be approved by the Assistant Dean for Academic Administration and Student Affairs. A student who seeks permission to take a graduate-level course for J.D. credit must submit a Petition to Take Non-Law Graduate Courses to the Assistant Dean and the petition must be approved before the graduate course begins.

A student who receives permission to take a graduate-level course in another academic unit within IIT, or at another university, pursuant to this section must arrange to have an official transcript showing the grades earned sent to the Chicago-Kent Registrar. If the grade earned in the course is B- or higher, the credit hours will be counted toward graduation. The grade will not appear on the student's transcript and will not be computed in the student's GPA. If the grade earned is below B-, no credit will be granted for the course. This section does not apply to students enrolled in the joint J.D./M.B.A. program or other joint programs described in §§ 1.23 to 1.26.

Section VI: Grading System

§ 6.1 Grading Scale

Letter grades, A through E, are assigned in all courses other than those graded only on a pass/fail basis. A student may elect to take a letter-graded course on a pass/fail basis in accordance with the provisions of §2.4. No grade will be awarded in a course, whether graded on a letter basis or a pass/fail basis, unless the student is properly registered in the section of the class for which the grade was received. J.D. students taking LL.M. courses may only be awarded grades according to the J.D. grading scale. Grades are awarded on the following scale:

A	4.0 grade points per hour
A-	3.7 grade points per hour
B+	3.3 grade points per hour
B	3.0 grade points per hour
B-	2.7 grade points per hour
C+	2.3 grade points per hour
C	2.0 grade points per hour
C-	1.7 grade points per hour
D+	1.3 grade point per hour
D	1.0 grade point per hour
D-	0.7 grade point per hour
E	(Failure) 0 grade points per hour (no credit earned but will count in the student's grade point average)

WE (Withdrew Failing) 0 grade points per hour (no credit earned but will count in the student's grade point average)

WP (Withdrew Passing) no value assigned (no credit earned)

I (Incomplete) no value assigned (no credit earned)

AU (Audit) no value assigned (no credit earned)

P (Pass) no value assigned (credit earned)

LP (Low Pass) no value assigned (credit earned)*

*The grade of Low Pass is awarded to students who pass a pass/fail course but earn a grade lower than a C; see §6.6.

§ 6.2 Computation of Grade Point Average

A grade point system is used to determine academic standing. The GPA is computed by dividing the total number of grade points earned by the total number of graded credit hours. Graded credit hours do not include courses graded WP, P, X, or I, but do include grades of E and WE (whether in a graded or pass/fail course).

§ 6.3 Grade of WP (Withdrew Passing)

If a student withdraws from a course after the second week of classes, the grade of WP (Withdrew Passing) and the course name will appear on the transcript. A WP has no effect on the GPA. An instructor may assign the grade of WP to a student who does not satisfy an attendance requirement.

§ 6.4 Grade of WE (Withdrew Failing)

A student who is officially registered for a course but who fails to take the final examination, or fails to complete any other requirement for the course without the permission of the instructor, will be assigned the grade of WE. This grade counts in the student's grade point average as a failing grade.

§ 6.5 Grade of I (Incomplete)

The grade of Incomplete will be assigned to a student who has been excused from taking the final examination on good cause shown, or who, with permission, has failed to complete the required assignments in a course in which written assignments form a basis for the grade. An instructor may assign the grade of Incomplete to a student who has not met the attendance requirement specified. First-year students are not permitted to take Incompletes in required courses; see §3.3.

Unless a different time is specified by the professor giving the Incomplete, the Incomplete must be completed within one year from the end of the examination period for the semester in the Incomplete was received. When completed, the grade will replace the Incomplete for the semester in which the Incomplete was awarded. If the Incomplete is not completed within one year, or within such other time period specified by the professor, the Incomplete will be replaced with the grade of WP, if good cause is shown for failing to complete the Incomplete, or the grade of WE, if good cause is not shown.

A student who is making up an Incomplete during a subsequent semester should not register for the course. Instead, the student must notify the instructor that he or she is making up an Incomplete before attending class, taking an examination, or turning in a paper, and must submit an Incomplete Course Make-up Notice form during the first two weeks of the semester.

§ 6.6 Grades of P (Pass) and LP (Low Pass)

In order to earn the grade of P (Pass) in a course being taken on a pass/fail basis, the student must earn at least the grade of C. If a student earns a C- or lower in a course being taken on a pass/fail basis (but does not fail), the student will be awarded the grade of LP (Low Pass). The LP grade is applicable to all courses and activities being taken on a pass/fail basis, including courses for which the student makes a pass/fail election pursuant to §2.4.

§ 6.7 Effect of Grades of P (Pass), LP (Low Pass), E (Failure), and WE (Withdrew Failing) on GPA

Credit hours graded as a P (Pass) or LP (Low Pass) are counted toward graduation but have no effect on a student's GPA. If a student receives an E (Failure) or WE (Withdrew Failing), whether in a graded or pass/fail course, the grade will be included in the GPA computation as indicated in §6.2.

§ 6.8 Grading Curves

The following curve is mandatory for all required courses, except for: Legal Writing courses, seminars, and specialized Professional Responsibility courses (Ethics and Advocacy; Practice and Professionalism;

and Professional Responsibility: Business Ethics). The curve does apply to the basic Professional Responsibility course. The curve is also highly recommended, but not required, for all elective courses (except Appellate Advocacy and Judicial Externship) if at least 40 students are enrolled.

	Recommended	Range	Cumulative Range
A	5%	0-10%	0-10%
A-	15%	10-20%	15-30%
B+	20%	15-25%	35-50%
B	25%	20-30%	55-75%
B-	20%	15-25%	75-90%
C+	10%	5-15%	85-95%
C & Lower	5%	5-10%	

In most cases, students' performance naturally falls within the mandatory curve. However, in required courses subject to the curve in which fewer than 35 students are enrolled or in other unusual circumstances, instructors may make minor deviations from the mandatory curve with the approval of the Associate Dean for Academic Affairs.

§ 6.9 Anonymous Grading

The Law School uses an anonymous grading system for final written exams. Instructors do not have access to the identity of students while final examinations are being graded. Students are assigned random examination numbers each semester to identify their examinations. The instructor assigns preliminary letter grades to the examinations and submits these letter grades by examination number. The instructor is then given the names of the students matched with each student's preliminary grade. The instructor then has 48 hours to adjust grades according to the criteria announced to the class at the beginning of the semester, such as class participation, attendance, and other factors.

After the professor has submitted final grades, grade changes may only be made pursuant to §6.10. The Registrar's office is not permitted to disclose any information regarding the adjustments instructors made to the grades. The student must contact the instructor for information regarding the grade and adjustment.

§ 6.10 Change of Grade

Grade changes may be made by an instructor after the 48-hour adjustment period set forth in §6.9 only with the approval of the Assistant Dean for Academic Administration and Student Affairs. The instructor must submit a Grade Change form explaining the reason for the change, which must be signed by the Assistant Dean.

§ 6.11 Deadline for Submission of Grades

Fall Semesters: Faculty members must submit grades within five weeks after the date of the final examination. If there is no final examination (for example, a seminar where the final grade is based on a paper), grades are due five weeks after the last day of the exam period.

Spring Semesters: Faculty members must submit grades within four weeks after the date of the final examination. If there is no final examination, grades are due four weeks after the last day of the exam period.

Summer Sessions: Summer session grades must be submitted within four weeks after the date of the final examination. If there is no final examination, grades are due four weeks after the last day of the exam period.

Graduating Seniors' Grades: Grades for graduating seniors may be due earlier than other students' grades so the Law School may certify graduates to take the bar examination.

§ 6.12 Disclosure of Grades

Students may obtain their final grades through the Web for Students system on the Chicago-Kent web site (grades are not mailed to students). Grades are posted as they are received and approved by the administration. The Registrar is not permitted to disclose grades over the telephone to any person. Students must give written consent for disclosure of grades to an individual other than themselves.

§ 6.13 Class Rank

For students entering in 2022 or after, class ranks will be assigned only to the top half of each class. Subject to the provisions described below, students in the top 50% of each class will receive their first

class rank at the completion of their first full academic year, and thereafter, every Fall and Spring semester until they graduate. Each June, an official final class rank is assigned to the top 50% of the class that graduated that May. Students who graduate in August or December are ranked with the succeeding May graduating class. Transcripts (including final transcripts upon graduation) will not include class rank.

Class ranks are based on cumulative GPA. Classes are ranked by expected date of graduation. The class rank is not affected by students who transfer to another law school or withdraw from the Law School after the semester is completed; the departed students will not be included in the next computation of class rank. Once class ranks are released to students, ranks will not be affected by grade changes submitted by instructors subsequent to that date.

Only Law School grades are used in calculating the GPAs of students in the joint degree programs described in §1.25. Grades earned in LL.M. courses prior to the student receiving the J.D. degree are included in the J.D. GPA for joint J.D./LL.M. students. However, J.D. students in joint J.D./LL.M. programs may only receive the grades listed in §6.1.

First-year students in the full-time Day Division will be ranked after the conclusion of the Spring semester based on cumulative GPA calculations that include all grades received to that point, with the exception that grades received for Legislation or for an elective taken in places of Legislation will not be included. Grades for Legislation and for any elective taken in Spring of the first year will be included in subsequent class rank calculations (after the first year).

§ 6.14 Dean's Honor List

Subject to the provisions described below, students who earn a GPA of at least 3.250 for the semester are placed on the Dean's Honor List. To be eligible for the Dean's Honor List, full-time Day Division students must have received credit for at least 12 hours (10 hours for graduating seniors in their last two semesters) for the semester, and part-time Day Division students and Evening Division students must have received credit for at least eight hours for the semester. Students taking reduced credits loads with permission of the Assistant Dean for Academic Administration and Student Affairs are also eligible for the Dean's Honor List. First-year students are eligible for the Dean's Honor List for their first semester. In order to be eligible for the Dean's Honor List, students in the joint J.D./M.B.A. program or other joint programs described in §§ 1.23 to 1.26 must meet the minimum credit requirements described above considering their law courses only.

First-year students who take Criminal Law in the Summer preceding the start of the regular academic year will have their eligibility for Fall Dean's Honor List determined based on their cumulative GPA including their Fall courses and Criminal Law.

First-year students in the full-time Day Division will have their eligibility for Spring Dean's Honor List determined based only on the grades received in Civil Procedure, Property, and Legal Writing 2; grades received in Legislation or in an elective course will not be included in the calculation.

§ 6.15 Transcripts

Students may request an official transcript of their Law School record be sent to another institution by submitting a Transcript Request form to the Registrar. A transcript will not be issued if the student's financial account with the University is delinquent. Official transcripts will not be issued to students. Unofficial transcripts are available to students and may be accessed through the Registrar's office home page.

Section 6-5(b) of the Chicago-Kent Code of Conduct, which appears in Section XIX of this Handbook, provides that whenever a student is convicted of violating the Code of Conduct, a notation to that effect shall be made on the student's transcript. However, if the Tribunal unanimously determines that the interests of justice so require, the Tribunal may suspend the entry of said notation on conditions it seems appropriate.

§ 6.16 CALI Excellence for the Future Award

The CALI Excellence for the Future Award, sponsored by the Center for Computer-Assisted Legal Instruction, is given each semester to the student or students who receive the highest grade in each section of each course. An instructor may elect not to designate a CALI winner. Students who elect to take a letter-graded class pass/fail (see § 2.4) are eligible for the CALI award, in the discretion of the professor.

Section VII: Examinations

§ 7.1 In General

In most courses, the grade is based primarily on one written examination at the conclusion of the course. An instructor may require a written paper in lieu of, or in addition to, an examination. Some instructors give midterm examinations or other assignments, which may or may not be counted in the final grade. Courses designated as practice courses and seminars typically do not have an examination but require either simulated exercises or written assignments involving extensive legal research.

§ 7.2 Exam Schedule and Conflicts

The examination schedule is published with the class schedule before registration each semester. All students must take their examinations at the scheduled time, except as provided herein and in §§7.3 and 7.4. If a student registers for two courses with examinations scheduled at the same time, one examination will be rescheduled. If a final exam is to be rescheduled, a Final Exam Reschedule form must be completed and submitted to the Registrar. In addition, the student must sign an Affirmation of Nondisclosure stating that he or she has not and will not communicate with anyone about any aspect of the examination.

A student will be deemed to have a conflict if he or she has two exams scheduled within 24 hours (e.g., exams at 8:30 a.m. and 6:00 p.m., or at 6:00 p.m. and 1:15 p.m. the following afternoon). A conflict does not exist if two exams are scheduled exactly 24 hours apart (e.g., exams at 8:30 a.m. and 8:30 a.m. the next morning).

§ 7.3 Missing an Examination

Students are expected to take examinations when scheduled, even though ill or inconvenienced. However, for serious illness or other extraordinary or compelling reason beyond the control of the student, a student may be excused from taking the exam at its scheduled time. Day Division students will not be excused from an examination for a job-related reason.

A student must notify the Director of Student Services at the earliest possible time in advance of the exam, if the reason for missing the exam is known to the student in advance. When prior notice is not possible, the student must contact the Director of Student Services or the Assistant Dean for Academic Administration and Student Affairs as soon during or after the examination as possible to explain the failure to take the examination and, when permitted, to arrange for a makeup examination and/or an Incomplete. Failure to notify the Director of Student Services or the Assistant Dean before grades are submitted will result in the student receiving a failing grade.

§ 7.4 Make-up Examinations

When a student is excused from an exam, the student ordinarily will take the examination the next time the course is given by the same instructor. However, if more than one academic year is expected to pass before the instructor offers the same course, the student will take the exam the next time the course is offered by any instructor. If an exam is to be taken more than one month after the scheduled time, an Incomplete grade will be recorded until the exam has been taken.

In the discretion of the instructor, an examination may be given within one month after the end of the final examination period, rather than the next time the exam is regularly given. The time of the examination will be arranged by the instructor. Students who will have graduated before the next time the exam is expected to be given by the instructor will take the exam no later than one month after the end of the exam period, at a time arranged by the instructor. If a student requests an examination schedule change for religious reasons, the examination will be scheduled on the next day which does not violate the student's religious beliefs, including Sunday.

§ 7.5 Student Conduct During Examinations

Student conduct during examinations is subject to the Chicago-Kent Code of Conduct, which is set forth in Section XIX of this Handbook.

§ 7.6 Examination Procedures

Students must sit in alternate seats during examinations. At the beginning of the exam, the proctor will advise the students of the time at which the exam will end and will write the ending time on the blackboard. When time has expired, the proctor will announce that the exam is over and students must stop writing immediately and turn in their examinations. Failure to stop writing constitutes a violation of the Code of Conduct. Students are not permitted to leave their seats for any reason during the last ten minutes of an exam. When the proctor announces there are ten minutes left, students must remain seated until the proctor announces the exam is over. Special rules concerning computer exams will be announced each semester in the Record or otherwise distributed to students.

A student must not identify himself or herself by name, social security number, or any other designation or symbol anywhere on the examination questions or answer book or sheet; only the examination number assigned to the student should be used. A student should not disclose the examination number to the instructor, either directly or indirectly, until the instructor has submitted the final grades for the course. Failure to comply with these provisions may be a violation of the Code of Conduct, which appears in Section XIX of this Handbook (see §2-1(e) of the Code).

§ 7.7 Determination of Grades

Grades are to be determined solely on the basis of the academic performance of each student according to criteria determined by the course instructor that are consistent with Law School, University, Association of American Law Schools, and American Bar Association policies. It is permissible for an instructor to consider class participation and attendance in determining a student's final grade. During the first week of class, the instructor will advise the students of the factors that will be considered in determining the final grade (e.g., examinations, papers, class participation, attendance, and other appropriate factors). Thereafter, the instructor may inform the students of additions to or changes in the factors with respect to attendance and participation that will be considered in determining the final grade. Such changes will have prospective application only. The evaluation and grading of academic performance are subject to the professional judgment of each instructor. Considerable personal discretion is required in these judgments. A justifiable margin of difference can exist between the evaluation of the same academic performance made by two or more professional persons.

§ 7.8 Review of Examinations and Other Assignments

A faculty member must review an examination or other written assignments with a student, regardless of the grade received, provided the student has complied with reasonable preconditions, such as attending an examination review session or making an appointment within a specified time. A faculty member is not, however, expected to debate the grading.

§ 7.9 Appeal of Grade

A student may appeal a grade by submitting a petition to the Dean alleging that the grade received was the result of capricious grading. Capricious grading constitutes either (1) assignment of a grade on the basis of factors substantially different from those previously announced, or (2) assignment of a grade to the petitioning student by resort to more exacting or demanding criteria than were applied to other students in that course. The judgment of an instructor in assessing the quality of a student's work is not appealable on other grounds. A student must file a grade appeal no more than 90 days after receiving the grade.

Section VIII: Grade Point Average Requirements

§ 8.1 Definitions

(a) The First Academic Semester for students in the full-time Day Division, including transfer students admitted with fewer than six hours of credit, ends upon completion of the first semester. The First Academic Semester for students in either the part-time Day Division or the Evening Division ends upon completion of the second semester. A part-time Day Division student or an Evening Division student who transfers to the full-time Day Division at the end of the student's first semester will be considered a Day Division student for purposes of this section. A summer session is not considered a First Academic Semester

(b) An Advanced Semester is any semester in which a student is enrolled for at least six credit hours after completion of the First Academic Semester. A Summer session is not considered an Advanced Semester.

(c) For purposes of GPA calculations for the probation and dismissal rules that follow, the calculation of the cumulative GPA of first-year students in the full-time Day Division at the conclusion of the Spring semester will include all grades received to that point, with the exception that grades received for Legislation or for an elective course taken in place of Legislation will not be included. For purposes of GPA calculations for probation and dismissal, the grades for Legislation or elective will be included in the cumulative GPA in semesters following the first year, starting with the cumulative GPA calculation made at the conclusion of the Fall semester of the student's second year.

§ 8.2 (Reserved)

§ 8.3 GPA Requirements

A student must attain a cumulative GPA of at least 2.300 for the First Academic Semester and at the end of each Advanced Semester to remain in good academic standing. In computing a student's cumulative GPA, a grade received to replace an Incomplete grade is counted in the cumulative GPA in the semester in which the Incomplete was given. See §8.1 for calculation of the cumulative GPA for probation and dismissal purposes for first-year students after the conclusion of the Spring semester.

§ 8.4 Dismissal From the Law School

A student whose cumulative GPA falls below 1.700 at the end of the First Academic Semester will be dismissed from the Law School for academic reasons. Students who fail the same required course twice shall not be permitted to reregister for that course and shall be dismissed from the Law School. See § 8.1 for calculation of the cumulative GPA for probation and dismissal purposes for first-year students after the conclusion of the Spring semester.

§ 8.5 Academic Probation

(a) A student will be placed on academic probation if his/her GPA is at least 1.700 but below 2.300 at the end of the First Academic Semester. If the cumulative GPA of a student falls below 2.300 at the end of any Advanced Semester, the student will be placed on academic probation. A student on academic probation will be entitled to one or more semesters of academic probation as provided in the following subsections.

See §8.1 for calculation of the cumulative GPA for purposes of probation and dismissal for first-year students after the conclusion of the Spring semester.

(b) Except as provided in §8.5(e), a student is permitted only one probationary semester within which to attain a cumulative GPA of at least 2.300. If the student attains that cumulative GPA, the student regains good academic standing at the end of the probationary semester. If a student regains good academic standing and his/her cumulative GPA later falls below 2.300, the student will be permanently dismissed from the Law School without further probation.

See §8.1 for calculation of the cumulative GPA for purposes of probation and dismissal for first-year students after the conclusion of the Spring semester.

(c) The probationary semester is the first academic semester after the effective date the student is placed on probation, which is the last day of the semester in which the GPA fell below the minimum GPA, regardless of the date of receipt of such grades. A Summer session may not serve as the probationary semester.

(d) A student may withdraw from the law school prior to the probationary semester. A student may withdraw during the probationary semester only with the approval of the Assistant Dean for Academic Administration and Student Affairs. In the event of withdrawal prior to or during the probationary semester, the student must re-enroll in the law school for the probationary semester the next academic semester, unless the student receives permission of the Assistant Dean for Academic Administration and Student Affairs to further postpone the probationary semester. Failure to enroll in either the first or second academic semester after the effective date the student is placed on academic probation, without permission of the Assistant Dean of Academic Administration and Student Affairs, will result in dismissal from the law school.

(e) A student who fails to achieve a cumulative GPA of at least 2.300 at the end of the probationary semester will be dismissed permanently from the Law School unless the student earned a GPA of 2.600 or higher in the probationary semester. A student who earns a GPA of at least 2.600 in the probationary semester is entitled to a second probationary semester within which to achieve a cumulative GPA of at least 2.300. A student who fails to achieve a cumulative GPA of at least 2.300 at the end of the second probationary semester will be dismissed permanently from the Law School regardless of the GPA earned in the second probationary semester.

See §8.1 for calculation of the cumulative GPA for probation and dismissal purposes for first-year students after the conclusion of the Spring semester.

§ 8.6 Effect of Summer Session Grades on the Probationary Semester

All students who have not been notified that they have been dismissed may enroll in the Summer session. The Summer session will not be considered a student's probationary semester.

If a student is notified that her or she has been dismissed as of the previous Spring semester, the student must immediately withdraw from the Summer session; the tuition for the Summer session will be refunded. This provision applies regardless of when the student is notified of the dismissal, even if the such notification is received after the Summer session has concluded. If the student has been dismissed as of the prior Spring semester, grades received during the Summer session are void and will not count for any purpose.

If a student will be on academic probation in the Fall semester, the student may enroll in the Summer session. The Summer session will not be considered the student's probationary semester. The grades earned during the Summer session will be averaged together with the grades earned during the fall probationary semester to determine if the student has met the 2.300 requirement of §8.5(b), but will not be averaged to determine if the student has met the 2.600 requirement of §8.5(e).

§ 8.7 Applications for Readmission

Students dismissed for failing to satisfy the minimum GPA requirements may apply for readmission to the law school as a new student after three years from the date of dismissal. Students admitted under this procedure will not receive credit for any course work previously completed and will have to complete all courses required for new students at the time of readmission. In considering applications for readmission, the applicant's prior dismissal will be considered as a negative factor. In order to be admitted under this procedure, the applicant must provide evidence to the Admissions Committee that he/she possesses the requisite ability and that the applicant's prior dismissal does not indicate a lack of capacity to complete the course of study.

§ 8.8 Repeated Courses

A student who receives the grade of E or WE in a required course must retake the course at the earliest opportunity. A student who receives the grade of E or WE in an elective course may, but is not required to, register for the course in a subsequent semester and receive credit by successfully passing the course on repeat. If a student repeats a course in which an E or WE was received, full tuition must be paid for the course the second time and the student's cumulative GPA will include both the E or WE grade and the

grade received on repeat. A student may not repeat a course in which the grade of D- or higher was received.

In addition to the standards of the Law School relating to academic probation, students who fail the same required course twice shall not be permitted to reregister for that course and shall be dismissed from the Law School.

Section IX: Class Attendance

§ 9.1 Class Attendance

Each student is expected to attend all classes regularly and punctually, to be prepared, to participate in the discussion, and to remain throughout the session. An instructor may notify the class of reasonable attendance requirements and may deduct credit or award the grade of WP or Incomplete if a student fails to meet the requirements.

§ 9.2 Failure of an Instructor to Appear in Class

If an instructor does not appear in class within 15 minutes after the class is scheduled to begin and has not given notice that he or she will be late, the students may presume the class has been canceled.

§ 9.3 Tape Recording Class Sessions

Video and/or sound recording of any classroom activities require the approval of the faculty in charge of the class and reasonable notice to all those in attendance. The faculty member in charge of the class is permitted but not required to impose additional reasonable conditions on recording, including, but not limited to, consent of the entire class and a prohibition on posting the recording on the internet or through any forms of social media.

§ 9.4 Scheduling of Make-up Classes

No instructor shall schedule a make-up class during the period designated "Read Period," except on the first day of that period. Optional review sessions are permitted during the remainder of the period. Faculty should make every effort to schedule make-up classes during the regular semester, considering the feasibility of scheduling them during the two periods of time each week during which no regular classes are scheduled.

Section X: Faculty Meetings and Committees

§ 10.1 Schedule of Faculty Meetings

At the beginning of each semester, the Dean announces the schedule of faculty meetings for the semester. Meetings are generally held each month classes are in session during the Fall and Spring semesters.

§ 10.2 Student Representation

The Student Bar Association president is invited to attend faculty meetings and may participate in most matters, except those involving individual students or faculty members. The SBA president may vote on all matters in which he or she may participate. Faculty meetings are closed to the general student body.

§ 10.3 Publication of Minutes of Faculty Meetings

Minutes of faculty meetings (with deletion of matters relating to individual students) will be made available to the SBA president, who may make them available to the student body in an appropriate manner.

§ 10.4 Student Representation on Faculty Committees

The Dean will designate which faculty committees shall have student representation and how the student representatives shall be selected.

Section XI: Curricular Matters

§ 11.1 Required Courses and Course Descriptions

The courses required for the J.D. degree are listed in §1.2. Descriptions of courses are published on the Chicago-Kent web site.

§ 11.2 Recommended Courses for Upper-Level Students

Courses with an asterisk (*) cover material that is likely to be tested on many states' bar examinations, including that of Illinois. Other subject areas may also be tested; you should review the Bar Exam Information section of each semester's Registration Bulletin - or, if you plan to take another state's bar examination, contact the bar examiners in that state - before deciding which of these and other courses to take.

I. The faculty believes that every student should take:

A. *Business Organizations (4 hours)

Students may take some of those courses with their remaining electives.

For those students whose grade point average is in the lower third of the class after they complete their first year of law school (two semesters for full-time Day Division students and three semesters for part-time Day Division students and for Evening Division students), we recommend in the strongest terms possible that they take at least 20 hours (rather than 15) from the following list, with a heavy emphasis on courses that cover subject matter that may be tested on the Bar Exam.

A. Courses in major areas of law:

The Illinois Bar Examination includes the Multistate Performance Test, which tests six fundamental lawyering skills: problem solving, legal analysis and reasoning, factual analysis, communication, organization and management of a legal task, and recognizing and resolving ethical dilemmas. Each of the courses listed below teaches some of the above-listed skills. You should review the Bar Exam Information section of each semester's Registration Bulletin - or, if you plan to take another state's bar examination, contact the bar examiners in that state - before deciding which of these courses to take.

A. Skills courses:

1. Business Entity Formation (3 hours).
2. Business Entity Transactions (3 hours).
3. Employment Litigation (3 hours) (for students in the Labor and Employment Law Certificate Program only).

§ 11.3 Course Prerequisites

A student must have completed the prerequisite(s) indicated below before taking the courses. Other prerequisites may be published in the Registration Bulletin. A student who registers for a course without the necessary prerequisite will be removed from the course regardless of when the noncompliance is discovered. A student seeking to have a prerequisite waived should complete a Waiver of Prerequisite form and have it approved by the instructor and the Assistant Dean for Academic Administration and Student Affairs prior to registration.

§ 12.8 Financial Delinquency

Any student who fails to meet the required payments as provided in §12.7 will be charged a late penalty, as described in each semester's Registration Bulletin.

Students with delinquent accounts are subject to suspension and exclusion from classes after being notified by the Student Accounting Office. These students may not be permitted to take final examinations, receive course credits or transcripts, register for a subsequent semester, receive a degree or be certified to the bar examiners.

§ 12.9 Dishonored Checks

A dishonored check may result in exclusion from classes.

§ 12.10 Tuition Refund Policy

Tuition is charged for all courses for which a student is registered unless the student officially drops the course in accordance with §3.10(a). There is no tuition penalty if a student drops a course during the first two weeks of classes in the Fall or Spring semester. There will be no tuition refund, however, if a student drops a course after the second week of classes in the Fall or Spring semester. For the Summer session, tuition will be refunded only if a student drops a course during the first week of the term.

§ 12.11 Tuition Refund Policy: Special Situations

No tuition will be charged, and a full refund will be made of any amounts paid, upon application supported by proof, as necessary, under the following circumstances: (1) a course in which the student is registered is canceled; (2) death or serious injury causing incapacity occurs to the student before the end of the twelfth week of class (sixth week of class in a Summer session); or (3) a student is dropped from courses because he or she has been dismissed from the Law School for failure to meet academic requirements during the immediately preceding semester of instruction. Under other exceptional circumstances, such as withdrawal for voluntary military service, serious illness, or action by the University, consideration may be given to a prorated refund or credit for unused tuition upon written request to the Assistant Dean for Academic Administration and Student Affairs.

Section XIV: General Information

§ 14.1 Official Notices: Law School Record

Official notices are printed in the Record, an online newsletter produced each week during the academic year when classes are in session. The *Record* is posted on the Chicago-Kent website each Friday afternoon for the following week. All notices published in the *Record* are deemed to have been communicated to all students; the *Record* serves as "constructive notice."

Faculty, staff, and student organizations may have notices or announcements published in the *Record* by e-mailing record@kentlaw.edu by Thursday at noon for inclusion in the following week's edition.

§ 14.2 Bulletin Boards and Posting of Notices

Selected announcements and notices are posted on the Law School bulletin boards located outside the Registrar's office on the east and west walls of the second floor. Class cancellation notices are posted on the board to the left of the first-floor stairs opposite the front doors of the building. Students should check these bulletin boards frequently for announcements such as course assignments, class cancellations, and make-up classes. Career Services bulletin boards are located in the west corridor of the third floor.

Student organization and general student bulletin boards are located on the Concourse level and in the third floor of the Cafeteria. Notices and literature are not permitted any place other than these bulletin boards. Specifically, notices may not be posted on any walls or glass, on doors or lockers, or in restrooms, elevators, or the Library. Stacked materials must be placed in or near the display racks on the Concourse level, not stacked along the walls of the Concourse. Commercial solicitation is not permitted in the Law School building. All unauthorized postings and materials will be removed and discarded.

§ 14.3 Rule 711 Licenses

A student who has successfully completed 44 credit hours (half of the credit hours required for graduation) may obtain an Illinois Supreme Court Rule 711 License to practice law under the terms and conditions set forth in the Rule. After receipt of the form, the Dean certifies the status of the student and the application is sent to the Administrative Office of the Illinois Courts, which issues the license and mails it to the student.

§ 14.4 Privacy Rights and Access to Educational Records

Chicago-Kent College of Law respects the rights of privacy of its students and acknowledges the responsibility to maintain confidentiality of personally identifiable educational records. The law school will comply with The Family Educational Rights and Privacy Act (FERPA), which affords students certain rights with respect to their education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the University received a request for access. Students should submit to the Registrar a written request that identifies the records they wish to inspect. The Registrar will make arrangements for access and notify the student when the records may be inspected. If the records are not maintained by the Registrar, the Registrar will advise the student of the correct official to whom the request should be addressed.
 - (2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the law school to amend a record that they believe is inaccurate or misleading. They should write the Assistant Dean for Academic Administration and Student Affairs and identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the Assistant Dean determines not to amend the record as requested by the student, he or she will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
 - (3) The law school has adopted a policy of not disclosing personally identifiable information, other than the directory information described in §14.5, from the educational records of a student without his or her prior written consent, except in the following instances permitted under FERPA: (1) To school officials, including teachers, within the educational institution who have a legitimate educational interest. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. (2) To officials of another school in which the student seeks or intends to enroll, provided that a documented attempt will be made to notify the student of intended disclosure, prior to submission of such information. (3) To certain authorized representatives of the United States and state agencies who require such information to carry out lawful functions. (4) In connection with the student's application for, or receipt of, financial aid. (5) To organizations conducting studies for, or on behalf of, educational agencies or institutions, if these studies are conducted in a manner that will not permit the personal identification of students and if the information will be destroyed when no longer needed for the purpose for which it is conducted. (6) To accrediting organizations in order to carry out their accrediting functions. (7) To comply with a judicial order or lawfully issued subpoena. §5-2.5

(a) Upon receiving a complaint based on a Code of Conduct violation, the Dean may issue a temporary suspension from the College when the allegations against the student are sufficiently serious or alarming so as to reasonably believe, given the academic and/or campus environment, that immediate separation is required to address a risk to the safety of other students, IIT faculty, IIT property or to stop ongoing harassment or intimidation of an IIT faculty member, administrator, or student. Pending a hearing, the Dean may issue a temporary "no contact" order to the student not to have any contact (written, oral, electronic and/or in-person) with a party who has been the target of the students' conduct. Breach of the no contact order can result in additional Code of Conduct charges.

(b) Any student suspended pending resolution of the Code of Conduct process may seek expedition of the prosecutorial investigation and possible hearing to follow. If a request for expedition is made, the prosecutor should determine within five days whether probable cause exists to convene a Tribunal. If no probable cause exists, the no contact order will be dissolved. If probable cause is determined, the Tribunal shall convene a hearing, if possible, within the succeeding two weeks. The suspended student, upon request, shall be granted access to audiotapes from all classes missed and, if required, other reasonable accommodations shall be made to permit the student to keep up with course work pending resolution of the Honor Code process.

(c) Any amendment to the Code of Conduct, other than redefining conduct giving rise to discipline, shall be effective immediately, notwithstanding §10-5 of the Code.

§5-3

(a) Upon receiving a complaint, the Dean shall appoint a Prosecutor as expeditiously as possible, who shall represent the interest of the law school in the matter. If, during the course of an investigation, the Prosecutor is unable to act, the Dean shall appoint a replacement.

(b) The Prosecutor shall be a full-time member of the faculty. The Dean, the Associate Dean for Scholarship and Faculty Development, and the Associate Dean for Academic Affairs shall not be eligible to serve as the Prosecutor.

(c) A faculty member shall not be eligible to serve as the Prosecutor in a case in which he/she is the complainant, an occurrence witness, or an interested faculty member, or if he/she is a member of the Tribunal.

§5-4 Within 10 days after being appointed, the Prosecutor shall:

(a) Inform any interested faculty member or administrator and notify the Alleged Violator of the fact that a complaint has been filed and of the nature of the alleged violation. The written notification to the Alleged Violator shall advise him/her of the following: (1) the right to select any person, subject to the requirements of §5-8, to represent him/her at his/her cost; and (2) the fact that he/she has no obligation to speak to the Prosecutor nor to testify at any hearing before the Tribunal (§6-3(b)).

(b) Publish a notice informing the student body that a violation has been alleged and stating the course or context in which the violation allegedly occurred, the nature of the alleged violation, and the name of the Prosecutor. This notice shall remain posted until the Prosecutor publishes the probable cause finding.

(c) Begin an investigation which shall be completed within 30 days of its commencement, if practicable.

(d) The Prosecutor is not limited to the allegation(s) or the Alleged Violator(s) specified in the complaint. As soon as the investigation focuses on an individual not named in the complaint as one who may have violated this Code in the same transaction as the Alleged Violator, the Prosecutor shall comply with the notice provisions of §5-4(a) and (b). If the Prosecutor discovers a reason to believe that an individual not named in the complaint may have violated this Code in a transaction not related to the one complained of, the Prosecutor shall file a complaint with the Dean pursuant to §5-1.

§5-5

(a) If, after completing the investigation of the complaint, the Prosecutor determines that there exists no probable cause to believe that the conduct alleged to be a violation of this Code has occurred, he/she shall not proceed with the prosecution and shall comply with the notification procedures in §5-5(d). No appeal shall be allowed from this determination.

(b) If, after completing the investigation of the complaint, the Prosecutor determines that the conduct alleged does not, as a matter of law, violate this Code, he/she shall not proceed with the prosecution and shall comply with the notification procedures in §5-5(d). Such a determination may be appealed to the faculty by the complainant or any interested faculty member or administrator. The appeal shall follow the procedures set forth in §5-9(c) and (d).

(c) If at any time prior to a formal finding of probable cause, the Prosecutor determines that any violation that may have occurred is de minimis, or that the prosecution of any violation that may have occurred would not be in the best interests of the law school, the Prosecutor shall have discretion not to proceed with the prosecution. If the Prosecutor decides not to proceed with the prosecution, he/she shall comply with the notification procedures set forth in §5-5(d). The Prosecutor shall have discretion to condition the decision not to prosecute on the student's acceptance of a private or public reprimand. The Prosecutor's decisions may be appealed to the Dean by the complainant or any interested faculty member or

administrator by filing a notice of appeal with the Dean within one week of being notified of the Prosecutor's decision.

(d) If the Prosecutor determines that he/she shall not proceed with the prosecution pursuant to §5-5 (a), (b) or (c), no notation shall appear on the student's transcript. The Prosecutor shall, as soon as practicable, notify the Alleged Violator and inform the complainant and any interested faculty member or administrator of this determination, including the reasons for the determination. The Prosecutor shall publish a notice stating that the complaint has been investigated and that the Prosecutor has determined that further proceedings in the matter are not warranted. The published notice shall be dated and shall remain posted for one week while regular classes are in session.

(e) In an instance where the faculty or the Dean has reversed a Prosecutor's decision not to prosecute under this section, the Dean shall appoint a new Prosecutor.

§5-6 If, after completing the investigation of the complaint, the Prosecutor finds that there exists probable cause to believe that a violation of this Code has occurred, or if a new Prosecutor has been appointed pursuant to §5-5(e), the Prosecutor shall:

(a) prepare a Charge for each Alleged Violator setting forth the alleged violations of this Code;

(b) publish a notice informing the student body that the Prosecutor has found probable cause that a violation of this Code has occurred and describing the violation(s) set forth in the Charge. The published notice shall be dated and shall remain posted for one week while regular classes are in session;

(c) notify each Alleged Violator of the finding of probable cause and provide a copy of the Charge against him/her;

(d) inform the complainant and any interested faculty member or administrator of this finding and provide them with a copy of the Charge;

(e) submit the Charge to the Presiding Officer of the Tribunal designated by the Dean; and

(f) prosecute the case before the Tribunal.

§5-7 Upon receiving the Charge, the Presiding Officer shall set a violation hearing on the Charge to begin no earlier than 10 days and no later than 30 days from the receipt of the Charge. The Presiding Officer shall notify the Alleged Violator and inform the Prosecutor, the complainant, and any interested faculty member or administrator of the date of the hearing and the identity of the members of the Tribunal. The hearing shall be concluded as expeditiously as practicable.

§5-8 The Alleged Violator may select any person to represent him/her, except that the Alleged Violator may not select a member of the Tribunal, a prosecutor, or an interested faculty member or administrator to represent him/her. A person, including a faculty member, selected by the Alleged Violator to serve as his/her representative may decline to serve as representative. The Alleged Violator shall bear the costs of his/her representation.

§5-9

- (a) The Alleged Violator may file a motion to dismiss the Prosecutor's Charge on the ground that it fails to state a violation of this Code or on the ground that excessive delay in filing the complaint has prejudiced the defense. Such motion shall be filed with the Presiding Officer within one week prior to the date scheduled for the violation hearing.
- (b) The Tribunal shall rule on the motion no later than 24 hours before the date scheduled for the violation hearing. If the motion is denied, the hearing shall proceed as scheduled.
- (c) If the motion is granted, the Tribunal shall notify the Alleged Violator, publish its decision and inform the Prosecutor, complainant, and any interested faculty member or administrator. The Prosecutor, complainant, interested faculty member or administrator may appeal the decision to the faculty by filing a notice of appeal with the Dean within one week of the notification of the Tribunal's decision. The Dean shall place the appeal on the agenda of the next regularly scheduled faculty meeting. If the notice of appeal is filed with the Dean after the last regularly scheduled faculty meeting of the academic year, the Dean may call a special meeting of the faculty for the purpose of hearing the appeal. The appellant may file a brief no later than one week before the faculty meeting. The appellee may file a brief no later than three days before the faculty meeting. If the date of the next regularly scheduled faculty meeting is within 7 days after the notice of appeal is filed, upon the request of either party, the appeal shall be postponed to the meeting following the next regularly scheduled faculty meeting.
- (d) The appeal shall be considered by all full-time voting faculty members in attendance at the faculty meeting, except the Prosecutor, interested faculty member, and complainant (if a faculty member). There shall be no oral argument. The Dean shall publish the faculty's ruling and notify the Alleged Violator and inform the Prosecutor, complainant, and any interested faculty member or administrator of the ruling.

§5-10

- (a) The members of the Tribunal shall be subject to challenge for cause by either the Alleged Violator or the Prosecutor.
- (b) A motion challenging a member for cause shall be filed with the Dean no later than one week prior to the date scheduled for the hearing on the complaint.
- (c) If the Dean concludes that the challenged member of the Tribunal is disqualified for cause, or if a member of the Tribunal recuses himself/herself, the Dean shall appoint a replacement for the purpose of that case only.

§5-11

- (a) The Prosecutor shall provide the Alleged Violator and the Presiding Officer with a list of witnesses and copies of all relevant documents. An initial list of witnesses and copies of documents shall be provided at the time the Prosecutor notifies the Alleged Violator of the probable cause finding. The list shall be updated and copies of additional documents shall be provided as soon as additional witnesses or documents become known to the Prosecutor.

(b) The Alleged Violator shall provide the Prosecutor and the Presiding Officer with a list and copies of documents, and a statement of the defense no later than one week prior to the scheduled hearing date. The list shall be updated and copies of additional documents shall be provided as soon as additional witnesses or documents become known to the Alleged Violator.

(c) The above subsections shall not apply to witnesses called in rebuttal or surrebuttal.

ARTICLE VI. HEARING PROCEDURES

§6-1 The proceedings and deliberations of the Tribunal shall not be open to the public, the student body, or the faculty at large. (e) Upon request of either the Prosecutor or the Alleged Violator, or upon its own motion, the Tribunal may provide for exclusion of witnesses.

(f) The Prosecutor and the Alleged Violator may challenge the admissibility of evidence for any reason. Evidentiary rulings shall be made by the Presiding Officer and his/her rulings shall govern unless overruled by a majority of the Tribunal. The Tribunal shall exercise discretion in admitting evidence and need not be bound by the formal rules of evidence.

(g) The Prosecutor and the Alleged Violator each shall have the right to cross-examine witnesses called by the other.

(h) The Prosecutor and the Alleged Violator each shall have the right to make closing arguments.

For cases brought under §2-2(m), the burden of proof shall be on the Prosecutor to prove by a preponderance of the evidence that the Alleged Violator committed a violation of this Code.

(j) Whenever reasonably possible, the Tribunal shall begin deliberations immediately following the close of the hearing. The decision shall be made solely upon the evidence presented. A finding of "guilty" must be concurred in by at least two members of the Tribunal. The Presiding Officer shall notify the Alleged Violator and inform the Prosecutor, the complainant and any interested faculty member or administrator of the findings and opinions. If the Tribunal finds the Alleged Violator "not guilty," the Tribunal shall publish its finding. The published notice shall be dated and shall remain posted for one week while regular classes are in session.

(k) In cases involving an alleged victim, the Tribunal shall provide the accuser, the accused, and appropriate officials timely and equal access to any information that will be used during informal and formal disciplinary meetings and hearings.

§6-4 If the Tribunal finds the Alleged Violator "guilty," the Presiding Officer shall set a penalty hearing to occur no later than one week after the issuance of the written findings. The Presiding Officer shall notify the Alleged Violator, the Prosecutor, the complainant and any interested faculty member or administrator of the date of the hearing. At the hearing, the Prosecutor may present evidence in aggravation and the Convicted Violator may present evidence in mitigation. The complainant, the prosecutor, any interested faculty member or administrator and the Convicted Violator shall be given the opportunity to address the Tribunal.

§6-5

(a) The Tribunal, by a majority vote, may impose any one or more of the following sanctions:

- (1) expulsion from the College;

(b) Whenever a student is convicted of violating this Code, a notation to that effect shall be made on the individual's transcript. However, if the Tribunal unanimously determines that the interests of justice so require, the Tribunal may suspend the entry of said notation on conditions it deems appropriate. Whether or not the violation is noted on the transcript, it will be reported to appropriate licensing authorities.

§6-6 Following imposition of sanctions, the Tribunal shall notify the Convicted Violator, inform the Prosecutor and publish findings of fact and conclusions of law and the sanctions imposed, provided however that if the full opinion in the case exceeds five pages in length, the Tribunal shall publish only a summary thereof, not to exceed five pages, which will include a statement that the full opinion is on file with the Associate Dean for Academic Affairs. The published notice shall be dated and shall remain posted for one week while regular classes are in session.

§6-7 In cases involving an alleged victim, the Tribunal shall notify, at the same time and in writing, the Alleged Violator or Convicted Violator and the alleged victim of (a) any Tribunal finding or action, (b) the procedures applicable to any appeal of such finding or action, (c) any change to the results of the proceeding due to any appeal, and (d) when the results have become final. - (b) Upon written request to the Dean no later than one week before the faculty meeting, the parties shall be afforded an opportunity for oral argument to the faculty. - (c) The members of the Tribunal, the Prosecutor, and all other faculty members otherwise involved in the proceeding before the Tribunal except those whose involvement was limited to being a character witness, shall be disqualified from sitting on the appeal. ARTICLE VIII. MAINTENANCE OF RECORDS

§8-1 The Dean shall preserve and retain the records, including the complaint, the Charge and the record of proceedings before the Tribunal, in all cases. They shall be kept in a separate and confidential file. The records of any Alleged Violator not convicted of a violation shall not be released without the consent of the Alleged Violator.

ARTICLE IX. EXCLUSIVITY OF THIS CODE

§9-1 A faculty member shall not decrease a student's grade because of an alleged violation of this Code if the student has been found not guilty by the Tribunal, or if the Charge against the student has been dismissed for failure to state an offense, and either that dismissal has been affirmed on appeal by the faculty or the time for filing an appeal has expired and no appeal has been filed.

§9-2 If the alleged violation occurred in a course, the instructor may not report a grade to the Registrar until the Code of Conduct proceedings are concluded. If the grade has already been reported to the Registrar, the Registrar shall not record the grade until the proceedings are concluded. If the Tribunal lowers a violator's grade as one of the sanctions, the Registrar must record the grade determined by the Tribunal.

§9-3
